Old Business-

Short Term Rentals (STR) –City Council plans to send this item back to the Planning Commission on July 3rd and ask them to work on it more. To date, no comprehensive public conversation has been performed on the STR topic, only committee and commission hearings. **Should SDCC request the City to hold a forum and would you attend to discuss concerns and ideas on STRs?**

Lynnhaven Municipal Wharf –Updates on the City's request to Army Corps of Engineers and Dept. of Environmental Quality to leave a permanent wharf in place after the Lesner Bridge construction is complete.

Bus Route 35: Shore Drive to Oceanfront – After a month of operation how is it working? We would like to hear your comments on the route and will collect them to forward to the City and HRT.

New Business –

Bayfront Advisory Commission Outreach Meeting – Updates from BAC's June 21st meeting to hear community concerns. What issues were identified? Does SDCC have any items that were missed?

Coyotes in the Bayfront Area – Coyotes have been spotted on our beaches, on the Cape Henry bike path, in the State Park, backyards and even walking on Shore Drive and Great Neck Road. Any thoughts, concerns? Possible speaker/presentation topic?

Community Concerns– Please share any issues or concerns your groups/organizations may have at this time.
