Shore Drive Corridor Improvement Phase 3 (CIP 2-117) – Lesner Bridge to Great Neck Rd.

Come out and see the final designs, learn when construction will start and how long the project will last. Mr. Bill Purcell, City Project Manager, will provide an update on the next big construction project for Shore Drive and will hold a question and answer session after the presentation. This project begins at Vista Circle, near the eastern end of the Lesner Bridge, and extends eastward through the Great Neck Road intersection and terminates at Croix Drive. This project will improve vehicular and pedestrian traffic flow and safety in the roadway and intersections; improve storm drainage; include a multi-use trail, 5-ft sidewalk and on-street bike lanes; and enhance the corridor with aesthetic elements such as landscaping and lighting.
