(parking in back, on side streets and across Shore Drive)

Special Presentation – No presentation planned

Officer's Reports

Secretary – Kathleen Damon
Treasurer's Report – Tim Solanic

Vice President – Empsy Munden
President – Todd Solomon

Old Business-

Dredging of Lynnhaven Inlet and Broad Bay Channel and Cape Henry Beach Replenishment –

Update on project to be discussed. Lynnhaven Inlet and Beach Replenishment complete. Channel work continues.

Route 35 Bayfront to Oceanfront Shuttle – Starting Sept 6th, service switches to weekend only.

Ridership numbers for July will be shared.

Virginia Conservation Assistance Program (VCAP) – An urban cost-share program that provides financial incentives (usually 75%) and technical and educational assistance to property owners. The program has hired a consultant to help improve service and handle increased demand. The new point of contact will be shared at the meeting.

Dewberry Report Sea Level Rise and Stormwater – Community forums have concluded but an online survey can still be filled out. See SDCC website for more information. Additional community input will be sought toward the end of this year and beginning of 2020.

New Business –

City seeks input for Active Transportation Plan – The city is asking citizens to take a survey and provide input regarding the new 2020 Bikeways and Trails Plan new 2020. This is a great chance for Bayfront residents to add our concerns to the plan.

City to Begin Comprehensive Plan Update – The City has to update its Comprehensive Plan every 5 years and will be seeking public input. We have asked Mr. Mark Shea, City of VB Comprehensive Planning Coordinator, to attend our September meeting to discuss.

Community Concerns– Please share any issues or concerns your groups/organizations may have at this time.
