Subject: Questions

Todd,

Below is what I forwarded to appropriate staff related to the Short Term Rental Ordinance and proposed districts item.

***“At the Bayfront Advisory Commission meeting of November 19, 2020, the following motion was made:***

***The Bayfront Advisory Commission has no concerns with the text of the proposed Short Term Rental ordinance but request that no overlay districts be established along the Shore Drive Corridor. The BAC received the attached letter from the Cape Story by the Sea Civic League prior to their meeting. This is also in the draft minutes for approval in January.”***
